

Superior stretch rubber bands

This quality is designed for retaining and stabilising light weight cartons onto pallets during storage and internal transport. High rubber content ensures the product can be reused several times.

Cautions for use and storage:

- Use within an ambient temperature range
- Avoid contact with petroleum products or hydrocarbon based solvents
- Avoid exposure to sunlight or other U.V. exposure for periods of time

Storage life:

Stored in the carton of origin in accordance with the conditions recommended above a shelf life in excess of 4 years can be expected

Dimensions and composition:

| Article ref | A1048010 | A1048020 | A1048030 |
|-----------------------|-----------------------------------|------------|------------|
| Basis | 97% pure natural rubber | | |
| Colour | Mauve | Red | Yellow |
| Length mm | 480 average, range 475 to 490 mm | | |
| Width mm | 10 | 20 | 30 |
| Thickness mm | 1 mm Average, range 0.9 to 1.1 mm | | |
| Thickness at pinch mm | 1 mm Average, range 0.7 to 1.1 mm | | |
| Pieces per kilo | 105 | 53 | 35 |
| Shape | Flat section and open shape | | |
| Packing | 100 pcs/bag | 50 pcs/bag | 30 pcs/bag |
| Per shipping carton | 1000 pieces | 500 pieces | 300 pieces |

Physical properties:

| | | | |
|--------------------------|--------|--------|------|
| % stretch on Euro pallet | 300% | | |
| Modulus at 100 % | 7.5 N | 14.5 N | 22 N |
| Modulus at 200 % | 10.5 N | 20.5 N | 31 N |
| Modulus at 300 % | 13.5 N | 26.5 N | 40 N |
| Maximum elongation % | 800% | | |
| Strength at break N | 45 | 90 | 135 |
